

K-Love radio serves my area of rural West Tennessee on 94.9 and 94.7. My family and I enjoy the format and often wish they had a stronger signal. Any changes that would reduce our ability to hear this station would be a minus for us.

Replacing K\_LOVE with a LPFM station or band would not be in our best interest.

K\_LOVE serves the public interest in a special way. The positive influence they have is needed so very much in our area.

Please leave well enough alone. Sincerely,  
Jim Payne
